My steps how I try to commit changes:

1. Did modification inside file e.q. ParameterLimits.h

h 1'1: h 17'7 cpp 16'5: k 2'0:

2. 5 SVN Check for modifications

4. Click Ok

- a) any dialog pops up an immediately is closed
- b) and focus is back to this screen

5. Click Refresh

Commit is not done.

6. TortoiseSVN, Settings, Saved Data, Action lo, Show

No lines from Commit command.

Just the lines from last Update command

7. cmd.exe – commit by command line

```
C:\Lk\AXOS\12-Software_Fw\Firmware\Source\AXOS>svn commit -m "test only"
Sending ParameterLimits.h
Transmitting file data .
Committed revision 1245.
C:\Lk\AXOS\12-Software_Fw\Firmware\Source\AXOS>_
```
